

The IInd Annual International Conference “TRILOGY” (transport, investment, logistic) is going to take place in Saint-Petersburg on October 30, 2009. It’s a leading event reflecting problems and prospects for the development of the transport and logistics branch of the North-West of Russia and regions of the Baltic and Barents seas. The Conference is held under the auspices of the Ministry of Transport of the Russian Federation.

The Ist Annual International Conference “Trilogy” took place in 2008 within the framework of the Ist Northern Dimension Forum. This year the Conference is directed to development of the Transport & Logistics Partnership of the Northern Dimension program. It is the first event of created Northern Dimension Business Council, called to contribute to further strengthening of the business cooperation of Russia with the countries of North Europe and Baltic region. New possibilities, which partnership opens for the development of branch and attraction of investments, will be occurred at the conference.

The participants will consider a number of questions connected with the transport complex of the North-West Russia, i.e. development of port industry, current state and possibilities for increasing capacity of the road network, integration in international transport corridors, multimodal transportation of goods, warehouses and industrial projects, innovative technologies in logistics, etc.

About 30 priority investment projects of transport-logistic branch in the North-West of Russia., including international projects will be represented at the conference.

TRILOGY is the event especially for you, if you:

- are interested in development of business contacts with companies of the North-West Russia
- want to know the latest information about transport & logistics services market of the North-West Russia
- look for partners, clients or investors
- want to exchange views with colleagues and leading specialists of industry on up-to-date questions

We are honored to invite you to take part in the Conference. From our side, we will make every effort so that you could open new opportunities, and your business could get additional impetus for its further development.
